

I listen to KLOVE in Oklahoma City. I listen at home, in my car and at work. It is so nice to have positive Christian music for my children to listen to. I would sincerely hate it if KLOVE were to be displaced by an LPFM broadcaster were to provide other programming and kick KLOVE off in our area. We have so few Christian radio stations and believe in KLOVE enough to be a financial supporter. The music you listen to really does effect your mood and outlook on things. Positive, encouraging KLOVE is just that....a positive and encouraging influence in a world full of negativity, violence, corruption and discouragement. Please don't take KLOVE away from us! Sincerely, Lauri Smalley, OKC, OK
